

CDR-Life is a young and innovative biotech company based in Horgen, Zurich, where we develop novel immunotherapies against cancer based on our unique tumor targeting technology. It is a dynamic mission-driven company with a highly collaborative approach. Smooth lab and facility operations are essential to deliver the scientific data for our success. Therefore, we are looking for an experienced:

Operations Expert

Responsible for general lab & facility management; supporting CMC operations.

In this role you will work across all research and development functions to support our research activities. You will be responsible for the lab & purchasing management team, as well as operational activities including management of service and equipment contracts and general facility management.

Key Responsibilities

Lab & facility management:

- Responsible for all lab operations at CDR-Life incl. equipment, service contracts, and the development / implementation of processes and tools to facilitate lab operations.
- Lead, manage, and coordinate the lab management and lab support team. Optimize processes for purchasing lab items and general lab support.
- Responsible for facility management and coordination.
- Support maintenance and improvement of CDR-Life's documentation management system.

CMC operations:

- Manage and coordinate contractual documents such as NDAs, master service agreements, statements of work etc.
- Support and organize cost tracking of larger work orders.
- Support organization of CMC unit activities (meetings, timelines etc.).

Who you are

- Min. BSc degree in Biology, Biotechnology, or a related life sciences discipline.
- Min. 3 years' experience in a biotech, biopharmaceutical, or pharmaceutical setting.
- Demonstrated organizational, multi-tasking skills and effective time/program management in a research organization.
- Experience in overseeing / managing a small team.
- Experience with documentation systems in a regulated industry.
- Excellent communication skills.
- Strong team player with desire to contribute to a highly dynamic, professional, and growing biotech team.
- Fluent in English, a good command of German is a plus.

Why CDR-Life?

Enter a meaningful job with purpose – helping people with cancer and other incurable diseases. Become part of a team on a mission with a collaborative, open, and solution-oriented spirit where you can have an impact. Enjoy exciting opportunities for development and professional growth within our growing organization with flexibility that fits with your needs and lifestyle, as well as competitive salary and benefits.

To apply or in case of questions, please contact rouven.bingel-erlenmeyer@cdr-life.com. We are looking forward to hearing from you.
